American Center for Psychiatry & Neurology (ACPN)

ACPN is a premier medical facility focusing on providing you with the highest quality primary and specialized medical care and health education services. Founded in Abu Dhabi in 2008, we have since expanded our facilities to Dubai and Sharjah, escalating to provide services to over 40,000 patients throughout the years – a number which we aim to keep growing.

At ACPN, our line of services revolves around **two major areas:**

- **Medical Services** – Neurological, Psychiatric, Psychological and Nutritional treatments.
- **Training and Development** – Facilitating training and professional development programs ranging from Medical Seminars and Conferences to Corporate Courses and Workshops.

American Center for Special Abilities (ACSA)

ACSA has the capacity to manage and treat a wide range of neurological and psychiatric conditions that lead to

developmental delays and learning disabilities through comprehensive psychological educational assessments, therapeutic treatments and consultation services for individuals, families and children. Our New Special Needs Center strives to provide the most effective intervention and educational therapy available for the children and adolescent with special needs and challenging behavior.

ACSA Mission: To Enhance Child's Core Ability to Learn Faster, Easier and Better.
